

Accessing the District Forms Website

District Forms require a username and password before completing the download process. This is necessary for the first form you download until you quit out of your browser. The username and password is the same as your e-mail.

District Forms that are also available to the parent will not require a username and password to download.

IMPORTANT: Any link to a district form on your school website needs to be re-directed to the form's URL on this new district forms website. The URL should begin with: <http://docs.nsd.org/forms/> If you have any questions, please contact the Help Desk at x6688.

Staff can access the District Forms website:

1) From the District's website, click on Employee's Home and then District Forms on the lower-left-hand side.

OR

2) By typing in this URL: <http://www.nsd.org/forms>

OR

3) From the Graphics Center website, there is a link to District Forms

Below is a sample of the download screen. You may see comments about the use of the form when you click on the form name.

Secondary Forms

Request to Add Course to Transcript - Form

It is suggested that the school remove the district logo and print this form on their school's letterhead.

Parents can access the District Forms for Parents website:

- 1) From the main www.nsd.org website.
- 2) Then click on Elementary Education or Secondary Education.
- 3) Then click on District Forms for Parents under Parent Resources.
